 DECEMBER 3-6, 2019  
 TAIPEI, TAIWAN

# CALL FOR PAPER

## 2019 International Symposium on Intelligent Signal Processing and Communication System

Impact of Artificial Intelligence:  
 From Reality to Imagination, from Technologies  
 to Applications

### Important Dates

<del>JUL 15</del>	AUG 10	<del>AUG 31</del>	SEP 20	<del>SEP 20</del>	OCT 05	<del>OCT 15</del>
2-Page Paper Submission		Notification of Acceptance		2-Page Final Paper Submission		Early Bird Registration

### Keynote Speakers

**Prof. Ioannis Pitas**

Aristotle University of Thessaloniki  
 Greece

*Deep Learning and Computer  
 Vision for Multiple Drone  
 Media Production*

**Prof. Pierre Moulin**

University of Illinois  
 USA

*Forgery Detectors for  
 Adversarial Machine Learning*

**Mr. Pat Hsu**

Nokia Networks  
 Taiwan

*Making 5G Use  
 Case a Commercial Reality*

[More Details](#)

### Topics

- Communication Systems
- VLSI
- Multimedia and Systems
- Circuits and Systems
- Signal Processing
- Emerging Technologies in Signal Processing and Communication
